

# Triangle TR257

## Product Information

# Product Description

## Application

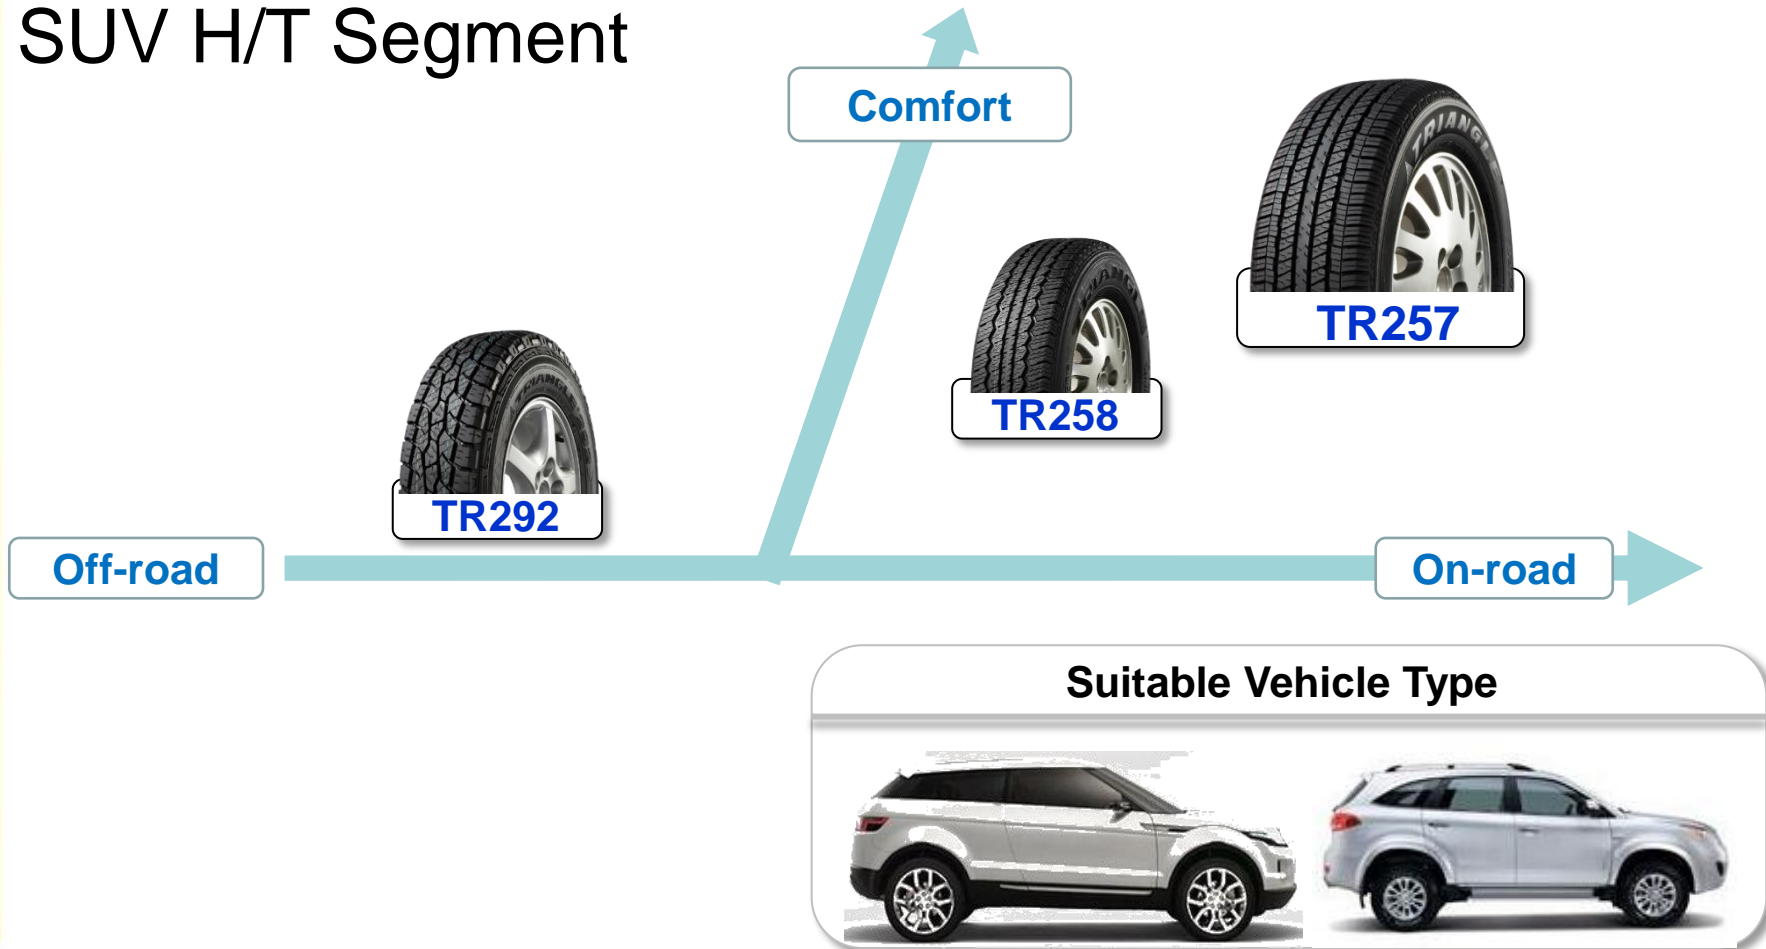

Triangle TR257 Highway SUV Segment maximize your daily driving experience and weekend leisure outings. Triangle H/T tires provide the ride performance for your everyday commute and ensure peace of mind during your leisure journeys off the beaten roads.

Unique design to provide lower noise, better comfort and outstanding controls.

# Product Positioning

## SUV H/T Segment

# Product Features & Benefits.

- Pattern Design

*Feature*  
High Pitch Number

*Benefit*  
Improved Rolling  
comfort and Noise

Highlight the block elements

# Product Features & Benefits.

- Pattern Design

<p><b><i>Feature</i></b> Radial Fine Grooves &amp; Sipes Design</p>
<p><b><i>Benefit</i></b> Improved Traction Capability</p>

# Product Features & Benefits.

- Pattern Design

***Feature***

Four Large  
Circumferential Grooves

***Benefit***

Improved Aquaplanning  
Resistance in Deep  
Water

# Product Features & Benefits.

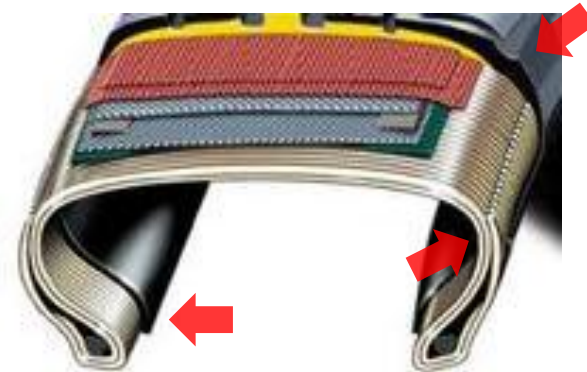

- Structure Design

***Feature***

Optimized Cavity Profile

***Benefit***

Higher Loading  
Capability and Higher  
Impact Absorption

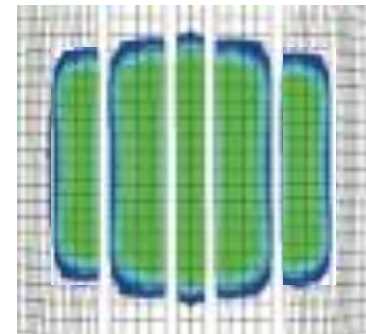

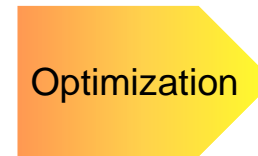

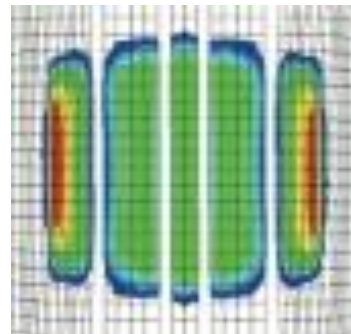

# Product Features & Benefits.

- Structure Design

<p><b><i>Feature</i></b> Optimized Tire Structure</p>
<p><b><i>Benefit</i></b> Improved Pressure Distribution to Reduce Rolling Resistance</p>
